Tumkur, India

EXPERIENCE

NOKIA — Student Intern, Security Development & Testing

Aug 2025 – Present

Bangalore, India

- Contributing to security development and testing of enterprise-grade **CFX-5000** products.
- Performing advanced vulnerability analysis, penetration testing, and compliance verification.
- Supporting secure software lifecycle processes and automating security validation workflows.

EDUCATION

Siddaganga Institute of Technology, Tumkur, India

2022 – Present

Bachelor of Engineering in Computer Science | **CGPA: 8.96**

Seshadripuram PU College, Tumkur, India

2020 – 2022

Pre-University (PCMB) | **93%**

Chirec Public School, Madhugiri, India

2020

High School (SSLC) | **95.84%**

TECHNICAL SKILLS

Languages: Java, C, JavaScript, HTML, CSS, MySQL

Frameworks: Node.js, Express.js, React.js

Databases: MySQL, MongoDB, DynamoDB

Concepts: DSA, OS, DBMS, CN, Cybersecurity

Tools: Git, VS Code, AWS (Lambda, S3), Security Testing Tools (Nokia Recommended)

PROJECTS

Secured Evidence Chain Blockchain — github.com/vinay2522/Hackcult

- Developed a blockchain-based web app using Ethereum, Solidity, and IPFS to securely store and track digital evidence.
- Implemented AES/RSA encryption and smart contracts for immutable, auditable logs.

AI-Based Ambulance Dispatch Prediction — github.com/vinay2522/Temp-mini_project

- Reduced ambulance dispatch delays by 60% through ML-driven demand forecasting using Python.
- Built and deployed a MERN stack app with real-time ambulance allocation and tracking.

Serverless URL Shortener — AWS Deployment

- Built a serverless URL shortener using AWS Lambda, API Gateway, S3, and DynamoDB.
- Implemented secure short-code generation and custom redirect mechanisms.

ACHIEVEMENTS

- **3rd Place** — HackkShtera National-Level Hackathon (2024) for a cybersecurity innovation (VVCE, Mysore).
- Participated in 7+ hackathons including SIH 2024, HackkShtera, and NullClass challenges.

CERTIFICATIONS

- Data Structures & Algorithms — GeeksforGeeks (GFG)
- Java Programming Masterclass — Udemy
